2019: Early Career Researchers and Creative Scholars in the Arts and Humanities

## Call for Papers

The Office of Research and Creative Scholarship at Andrews University is pleased to announce the Call for Papers for the Sixth Annual Andrews Research Conference. The theme is "Early Career Researchers in the Arts and Humanities." The conference will be held at Andrews University from **May 22-25, 2019**.

All Adventist graduate students, post-docs and early career faculty—as well as advanced undergraduate students and recent graduates—in the arts and humanities are welcome. This includes anthropology, art, communication, education, film, history, literature, music, and related disciplines. We particularly encourage attendance of Adventist participants from non-Adventist universities.

Scholars will give a 20-minute oral presentation on their research.

**The conference itself will be free for all students, recent graduates, post-docs, and early career faculty who will be giving presentations.** Conference meals and double-occupancy lodging for three nights are provided as part of the conference registration. Participants will cover the costs of extra nights in campus housing. Senior faculty at Adventist institutions will pay a registration fee of \$200 to help defray expenses. Participants will need to provide their own transportation to Andrews University.
