ABOUT THE ARTIST

Michaela Sousa was born in South Florida in 1997 to Brazilian parents. She began her musical journey at the age of five when she received her first instrument, a violin. Though she never learned to play the violin she began piano lessons later that year. At the age of eight, Michaela first encountered the flute in her elementary music class. The sound of the flute enchanted her and at that moment she knew that she was destined to play it. She began studying the flute in her middle school wind symphony and continues to play in wind symphony today. As an undergraduate, Michaela studied under Christina Gibson and now studies under Aleksandra Kemble. She plans to graduate in May 2019 with a Bachelor of Science degree in Music and a Minor in Chemistry.
