For the past three years, Andrews University has appreciated the services of MBS Direct as the online bookstore. During this period, the main campus bookstore has transitioned to services in partnership with Barnes & Noble College.

We are happy to announce that textbooks for all Andrews University on-campus and online classes are now available through our [Andrews Bookstore online](#). Textbooks and any other recommended or required items can be ordered online or purchased in the campus bookstore.

Textbooks are always listed in the course syllabus. All syllabi can be accessed through the [course schedule](#) two weeks before class begins. Email the instructor listed in the [course schedule](#) with any questions about textbook information in the syllabus or listed with the specific course information in the [Andrews Bookstore online](#). Pay close attention to all details if purchasing from another supplier. Purchase required textbooks to arrive before the first day of class.

Feel free to use the contact information on the www.andrews.edu/bookstore website with questions about purchasing textbooks, graduation regalia, or other items.
