The Master of Business Administration program at Andrews University has been ranked among the top 50 private online MBA programs in the U.S. for 2014. Onlinembareport.com placed Andrews at number 23, above Columbia College (Columbia, Missouri) and University of Phoenix.

“One significant contributing factor to our high U.S. News & World Report ranking is our online MBA program,” says Allen Stembridge, dean of the School of Business Administration. “We are very proud of our growing, synchronous and interactive online learning platform which provides an opportunity for career advancement to students around the world who are unable to physically attend courses here at Andrews University.”
