Seek Knowledge. Affirm Faith. Change the World.

The Architecture Missions Group (AMG) in the School of Architecture, Art & Design led by Martin Smith, assistant professor of architecture and director of AMG, and Melody Johnson, contract faculty, facilitated a trip to the Adventist University of Haiti, Jan. 15–24, 2012. The campus was severely damaged in the January 2010 earthquake. The trip centered around two main projects: restoring the Seminary Chapel and developing a master campus plan. Restoration of the Seminary Chapel will be completed in a few phases with the first phase being rebuilding the front façade. The Seminary Chapel was built in 1955 and is one of the oldest buildings on campus.
