

# Legacy of Leadership

Andrews University's Homecoming Weekend  
April 23 - 26, 1996

This year at Alumni Homecoming weekend, we pause to enjoy the artistic expression, created by Alan Collins, of the legacy of leadership endowed to us by J. N. Andrews, in a form of a bronze sculpture. We will also spend time discussing what leadership means to us at the end of the 20th century--to our church, to our educational institution, to our communities. We hope you are challenged by the weekend activities to a higher level of usefulness. And we also want you to take time to relax and have fun as you get reacquainted with our campus and your classmates.

## April 23 Thursday

8:30-5:00 P.M.
